Huiming,

We had a manuscript just accepted for publication, in which we have acknowledged the CEHMS Award:

**TITLE: STRENGTH RECOVERY THROUGH NANOSILICA COATED POLYPROPYLENE FIBER REINFORCEMENT**

Authors: Su-Jin Lee, Shiho Kawashima, and Jong-Pil Won

Journal: *ACI Materials Journal Special Publication (SP): Nanotechnology for Improved Concrete Performance*

Also, Su-Jin gave an oral presentation of the work at the American Ceramics Society (ACerS) Cement Division 9th Advances in Cement-Based Materials Meeting last June 2018.

Thank you and have a nice weekend.
