

Correction to “Quantum-State-Resolved Scattering of NO($^2\Pi_{1/2}$) from Hot Molten Au(liq): On the Role of Thermal Electron–Hole Pairs in Vibrational Excitation Dynamics”

Amelia Zutz and David J. Nesbitt*

J. Phys. Chem. C 2018, 122 (30), 17161–17169. DOI: [10.1021/acs.jpcc.8b03503](https://doi.org/10.1021/acs.jpcc.8b03503)

The grant numbers in the Acknowledgments were incorrectly listed in the original document. The corrected Acknowledgments should read as follows below.

ACKNOWLEDGMENTS

This work has been supported by the Air Force Office of Scientific Research (FA9550-15-1-0090), with additional funds for vacuum equipment and lasers provided by the National Science Foundation (CHE-1665271, PHY-1734006).
